### ENTRIES AND CLOSING DATE

- All entries must be received no later than 6:00 PM, Tuesday, August 24<sup>th</sup>. Advancements in level will be accepted by email through Monday, August 30<sup>th</sup>. No other changes are permitted after August 24<sup>th</sup>.

Entries received after the closing date will be returned. Overnight or other express forms of delivery must include a release to leave at Secretary's house without signature. PBH Agility will not be responsible for any delays due to postal or other forms of delivery.

Please make your check payable to PBH Agility and mail to Michelle Lennon, Trial Secretary, 1117 W. Lakewood Ave, Durham, NC 27707

Returned checks do not constitute a valid entry. There will be a \$25.00 service charge for returned checks. Amounts shall be paid within 30 days of postmarked notice of returned check if such date follows the event date. Any fees not received within 30 days of notice result in cancellation of event results for all classes for the registration number(s) of delinquent entry/entries. No reinstatement of results is possible, and all awards must be returned within 10 days of notification, or the dog's registration may be suspended pending restitution. Any unpaid fees or shortfalls must be paid prior to the start of the event or entry is cancelled without recourse. Overpayments will be donated to charity, so please check your math if you do not want to contribute.

The Organizing Committee of an event may refuse the entry of any competitor or dog for just cause should the committee views that participation by competitor or dog would be prejudicial to the sport. However, any committee so doing must notify the competitor in writing (with a copy to the USDAA office) in anticipation of or upon receipt of entry. The notice must include the reason for refusing the entry and a brief explanation of the basis for their decision. The burden of responsibility for appropriateness of such action rests solely with the host group and its Organizing Committee.

To be accepted, entries must be complete, legible, signed (by parent or legal guardian if handler is a minor), received by the closing date, and accompanied by the correct fees, as follows:

### **Incomplete or illegible entries WILL BE returned.**

You must file a separate entry form for each dog you enter. Entries For Exhibition Only will not be accepted.

If a dog measures up, it will be placed first in the running order at the higher height for all classes entered.

A USDAA dog registration form is included with this Test Schedule. If your dog is not already registered with USDAA, you must complete and submit this form with your entry. All dogs must be registered with USDAA (registration has a "U" prefix) in order to enter. If your dog's registration card was issued with the "A" prefix, this indicates the dog was not 18 months of age at the time of registration; no additional registration is required as long as the dog is 18 months of age by the event date.

### **NOTICE TO COMPETITORS**

In such instances the trial secretary must be notified by Friday, May 28<sup>th</sup> and supporting documentation must be received by Wednesday, June 2<sup>nd</sup>. Any other withdrawals after the closing date will not be eligible for a refund.

In addition, no entry fee will be refunded if the test cannot open or be completed by reason of riots, civil disturbances, fire, and act of God (including weather that the Organizing Committee in its sole determination shall deem unsafe), public emergency, act of a public enemy, strike, or any other cause beyond the control of the organizers.
- A service fee of \$10.00 shall be deducted from all refunds or entries withdrawn before the closing date; hence there are no refunds on balances of \$10.00 or less in over-payments or as a result of cancelled entries. Refunds will be made by check no later than 30 days following the event date.

## **TOURNAMENT CLASS DESCRIPTIONS:**

### **2010 Grand Prix of Dog Agility® World Championships & Performance Grand Prix<sup>SM</sup> - Local Qualifiers**

These tournaments are open to all competitors regardless of titles earned or skill level. Both are a single-round tournament featuring the sport in its basic form. The course includes obstacles as set forth in Chapter 3 of USDAA Rules and Regulations for standard agility, except that no table obstacle shall be used. Standard scoring shall be applied.

Competitors must have a ZERO fault round to earn a qualifying score for which qualifying ribbons are presented. One qualifying score is required for entry in Round 1 of a Regional Championships. Additionally, the first place competitor in each height class who has earned a qualifying score shall be eligible to enter the final round of a Type 1 Regional Championship without regard to their score in the first round. Such eligibility shall be documented through a “bye” voucher. A competitor may earn more than one voucher, and the voucher is non-transferable, can be used only once and must be submitted with the competitor’s entry form for a Type 1 Regional Championship. See complete rules and regulations for Regional Championships, which are hereby incorporated by reference.

**SPECIAL NOTES:** When a local qualifier is held in conjunction with an agility test where all levels of titling are NOT being offered, ‘bye’ vouchers will not be awarded. (e.g. Starters/Advanced only, Advanced/Masters only, Masters only – **Tournament Only shows do not fall into this category**) Competitors with a qualifying score placing first in a jump height shall be named Regional Champion and earn a bye into the World Championship semifinals. Additionally, competitors at a Regional Championship with a qualifying score in Round 2 in the top 50% in each height class shall earn a bye into the semifinals at the Cynosport World Games. If at a regional championship a bye is earned by a competitor/dog team who has already earned a bye in that jump height, the bye is forfeited.

The rules may be found on the USDAA web site—General Information—Forms and Documents Library, or may be requested in writing by US mail from the USDAA office. A competitor must have two qualifications from local qualifiers, one of which may be from the first round of a Regional Championship, in order to qualify for entry to the world championship quarterfinals; however, where a competitor may choose to compete in both Grand Prix and Performance Grand Prix qualifiers during the current tournament season, the competitor is only eligible to compete in the championships of the tournament in which they have earned the most qualifications. Further, 2010 tournament rules stipulate that a competitor must compete all in Championship or all in Performance tournaments at Regional and National/World Championship events.

### **2010 DOG AGILITY STEEPLECHASE® & PERFORMANCE SPEED JUMPING<sup>SM</sup> TOURNAMENTS**

**Description:** These tournaments are open to all dogs regardless of skill level or titles earned. These two-round tournaments emphasize speed. Each round will be conducted on a jumpers-style course that shall include at least two spread hurdles, a long jump and an A-frame and a minimum of 10 weave poles. Either the A-Frame or weave poles shall be required to be performed twice. Top competitors as set forth under Qualification & Advancement shall advance to Round 2 to compete for prize money, Tournament Top Ten points and Lifetime Achievement Qs. Qualifiers as defined herein earn the right to enter either the quarterfinals or semifinals at the Dog Agility Steeplechase® championships (semifinals for Speed Jumping) to be held in autumn of 2010. Competitors may not be entered in both tournaments at this event.

**Scoring:** Shall be conducted pursuant to USDAA Championship Program Starters level rules, except that scoring in each round shall be on a time plus faults basis, with a five-point penalty added to a competitor’s performance time for each occurrence of a fallen hurdle or missed contact; running the wrong course shall be scored as an elimination as defined under Masters rules. For purposes of qualification calculations, a competitive performance resulting in “elimination” as a result of performance error in the normal pursuit of a round shall be included in the count of competitors “actually competing” in the qualifying score computations.

#### ***Qualification & Advancement***

Qualification shall be determined based upon the Round 1 scores. Only competitors with scores equal to or less than the maximum qualifying score in round 1 qualify. Qualifiers and placement winners (minimum of four, there is no maximum) in the height class are eligible to advance to Round 2 at a local qualifying event in order to compete for Top Ten points, Lifetime Achievement Qs and prize money (if awarded in Speed Jumping), provided they have finished the round with a score. Non-qualifying competitors running in Round 2 shall not be credited with a qualifying score regardless of their final standing.

#### ***Steeplechase Eligibility for Entry:***

*Regional Championships:* A competitor must have one qualification at a local qualifier to be eligible to enter Round 1 of a Regional Championships.

*World Championship Quarterfinals:* Two qualifications, one of which may be from the first round of a Regional Championship will be required for entry.

*World Championship Semifinals:* Advancement from the quarterfinals by earning the equivalent of a qualifying score or by direct entry into the semifinal by having earned a ‘bye’ at a Regional Championship.

***Speed Jumping Eligibility for Entry into the Championships:*** Two qualifying scores as defined herein are required to enter the semifinals at the Performance Speed Jumping<sup>SM</sup> Championships to be held in autumn of 2010.

**Steeplechase Awards:**

Local Qualifiers: Prize money shall be computed based upon 20% to 40% (at club's discretion) of the total entry fees to be allocated in accordance with the payout table below regardless of the size of entry in any height class.

**Speed Jumping Awards:**

Local Qualifiers: Prizes or awards shall be provided at the club's discretion. Should prize money be awarded, the following table shall be utilized

Steeplechase							Speed Jumping

Allocable amounts to finalist positions that are not filled for any reason or allocable prize amounts less than \$3.00 shall not be paid.

Program eligibility in Regional and National/World Championships shall be determined as follows: Where a competitor has qualifying scores in Championship Program tournaments and Performance Program tournaments, a competitor must enter all Championship Program tournaments unless the total number of qualifications earned in all Performance Program tournaments is greater.

**TEST Class Descriptions:**

Two different programs will be offered at this event - Championship & Performance. **Competitors may enter both Championship and Performance Program classes** for which they are eligible; however, **under NO circumstance may a dog be entered in the same Championship and Performance class** at this agility test (ie. standard in any level in both programs). Classes include standard agility, gamblers, jumpers, pairs relay and snooker agility as set forth in Chapters 3-7 of USDAA Rules and Regulations, each of which are conducted at three competitive levels.

**Championship Program Classes**

The **Starters Standard** classes shall be for dogs that have not earned the *Agility Dog*<sup>®</sup> title or a Starters Standard title. **Starters Non-standard classes** shall be for dogs that have not earned a title in the class being entered (Starters Gamblers, Starters Jumpers, Starters Relay-3 different partners required-or Starters Snooker) or a qualifying score in the equivalent non-standard class at the Advanced or Masters level. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the *Agility Dog* title.

The **Advanced Standard** classes shall be for dogs that have earned the *Agility Dog*<sup>®</sup> title or a Starters Standard title. **Advanced non-standard classes** shall be for dogs that have earned the *Agility Dog*<sup>®</sup> title or that have earned a title in the equivalent non-standard class at the Starters level, but have not earned the equivalent Advanced non-standard title or a qualifying score in the equivalent non-standard class at the Masters level. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the *Advanced Agility Dog* title.

The **Masters Standard** classes shall be for dogs that have earned the *Advanced Agility Dog*<sup>®</sup> title or the *Advanced Standard* title. **Masters non-standard classes** shall be for dogs that have earned the *Advanced Agility Dog*<sup>®</sup> title, the equivalent non-standard title at the Advanced level, or that had previously qualified for entry into the equivalent Masters non-standard class prior to January 1, 2004.

**Performance Program Classes** Generally, Performance Level I, Level II and Level III are run on courses used for Starters, Advanced and Masters classes in the Championship Program, with the following exceptions: the A-frame is set at 5'6", jump heights are one height class lower as set forth in Notice to Competitors, no spread hurdles are utilized and time standards in the standard, jumpers classes are extended by 3 seconds beyond that utilized in the Championship Program and the pairs relay class is non-qualifying. Eligibility is determined as follows:

The **Performance I Standard** classes shall be for any dog that has not earned the *Performance Dog I*<sup>SM</sup> title, the *Performance Standard I* title, or a qualifying score in the Performance II or Performance III standard classes. **Performance I non-standard classes** shall be for any dog that has not earned a title in the class being entered (Performance I Gamblers, Performance I Jumpers, or Performance I Snooker) or a qualifying score in the equivalent non-standard class at the Performance II or Performance III level. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the non-standard classes is required to earn the *Performance Dog I*<sup>SM</sup> title.

The **Performance II Standard** classes shall be for any dog that has earned the *Performance Dog I*<sup>SM</sup> title, the *Performance Standard I* title, the *Agility Dog*<sup>®</sup> title or the *Veteran Agility Dog*<sup>SM</sup> title, but has not earned the *Performance Dog II*<sup>SM</sup> title or *Performance Standard II* title, or a qualifying score in the Performance III standard class. **Performance II non-standard classes** shall be for dogs having earned the *Performance Dog I*<sup>SM</sup> title, the *Agility Dog*<sup>®</sup> title or a title in the equivalent Starters or Performance I non-standard class, but not having earned a title in the equivalent non-standard Performance II class or a qualifying score in the equivalent non-standard Performance III class. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the *Performance Dog II*<sup>SM</sup> title.

The **Performance III Standard** classes shall be for any dog that has earned the Performance Dog II<sup>SM</sup> title, the Performance Standard II title, the Advanced Agility Dog<sup>SM</sup> title, or the Veteran Advanced Agility Dog<sup>SM</sup> title. **Performance III non-standard classes** shall be for dogs having earned the Performance Dog II<sup>SM</sup> title, the Advanced Agility Dog<sup>®</sup> title, the equivalent non-standard title at the Advanced or Performance II level, or that had previously qualified for entry into the equivalent Performance non-standard class prior to January 1, 2004.

**Nonstandard Classes** Rules set forth in the *USDAA Rules and Regulations*, Chapters 6 and 7, shall be followed for conduct of the following classes:

**Gamblers:** The competition consists of a course with no pre-determined route and each obstacle is assigned a point value. In the 'opening' period the handler seeks to accumulate points by performing the obstacles of his/her choice in the time allotted. At the conclusion of the 'opening' the handler attempts the 'gamble', a sequence designated by the judge to be handled from a distance, for additional points.

**Jumpers:** This class consists of a course of jumps and may include a tire and tunnels.

**Pairs Relay:** This class consists of a standard course with one dog and handler running a portion of the course, followed by a baton exchange to a second handler and dog who run the second portion of the course. For both Championship & Performance partners must be in the same level and height division (mini or open). In the event only one dog is entered in a program/level, un-entered dogs or dogs from another program/level may not be recruited to form a qualifying pair.

**Snooker:** This class has an 'opening' sequence of point collection similar to the Gamblers, followed by a 'closing' sequence of a set pattern. It roughly parallels the billiards game of 'Snooker', requiring the dog to successfully complete a 'red' jump prior to attempting an obstacle designated as any other color in the 'opening' sequence.

Preferred jobs:  Timer       Scribe       Gate Steward       Ring Crew  
 Runner       Course builder       Score table       Anything needed

We are looking for a few good people to help us make this trial a success. We need 2 experienced score keepers for each ring willing to work between their runs. We also need 3 experienced course builders for each ring willing to be responsible for building courses in that ring all day. In exchange for scoring or building help, you will get free games classes for one dog on the day that you work. We are also looking for "die-hards" who are willing to work anytime they are not running a dog (single dog or single level/height dog handlers preferred). "Die-hards" will get free entries for all non-tournament classes for one dog each day they work. Please let us know *before sending your entry* if you are interested.
